

# Statement of Values & Philosophy

@ 29 January 2025

## Rationale

This statement outlines the values and philosophy of our school community and explains the democratic principles, logo, motto, vision, and expectations of our school, Mullauna Secondary College.

*Mullauna is an Aboriginal word meaning 'together'. Our college stands on the land we share with the Wurundjeri people of the Kulin nation. We acknowledge these Traditional Custodians of this land, and we pay our respects to their continuing culture, to Elders past & present, and acknowledge their sovereignty was never ceded. We extend that respect to all Aboriginal & Torres Strait Islander people and welcome them to our school, where we gather to learn & teach, to share in a future of achieving 'success through learning together'. Wominjeka!*

The programs and teaching at Mullauna Secondary College support and promote the principles and practice of Australian democracy, including a commitment to:

- elected government;
- the rule of law;
- equal rights for all before the law;
- freedom of religion;
- freedom of speech and association;
- the values of openness and tolerance.

To celebrate and embed our Statement of Values & Philosophy in our school community, we:

- make them available on our school website, in our staff induction handbook and in enrolment packs;
- refer to them regularly in college community activities;
- display posters and banners that promote our motto and values in our school;
- celebrate our values in our school newsletter, on the website and in other publications;
- provide awards and recognition for students who actively demonstrate the motto and values;
- discuss our values with students in classrooms, meetings and assemblies.

**Our Statement of Values & School Philosophy ensures that everyone in our school community will be treated with fairness and respect. In turn, we will strive to create a school that is inclusive and safe, where everyone is empowered to participate and learn.**

## THE MSC PHILOSOPHY & VISION

Mullauna Secondary College is committed to providing a safe, supportive and inclusive learning environment for all students, staff and members of our community. Our school recognises the importance of the partnership between our school and parents and carers to support student learning and wellbeing. We share a commitment to, and a responsibility for, creating an engaging, inclusive and safe school environment for our students. Mullauna Secondary College is committed to child safety; all members of the Mullauna community observe the Child Safe Standards and expectations for appropriate behaviour towards, and in the company of, children.

Our vision for our students is that they will model our college values and thus grow to be courageous and engaged young people who value and respect curiosity and learning. We value the pursuit of excellence and strive to provide authentic and contextual opportunities for all students to experience success and contribute positively to their community.

The college's mission is to create reflective and independent learners for life through a learning community that provides a challenging and secure environment responsive to individual learning needs. We believe that effective learning occurs when outstanding and innovative teachers provide a variety of tasks that actively engage students who are encouraged to take responsibility for their own learning. The expectation is that students will be successful and enthusiastic learners capable of building positive relationships.

Mullauna Secondary College has a strong tradition of academic excellence, active student leadership and participation, as well as outstanding instrumental music, sporting and debating programs. The college programs offer a breadth of pathways, including the VCE Vocational Major (VCE VM) and Year 10 students can access VCE and VET subjects. Mullauna also delivers an International Student Program.

Sitting at the centre of its work, the college believes in high expectations in all students and a commitment to hard work. Our aim is to prepare young people to become active, engaged and responsible citizens of the local and global community. A major focus is to prepare students to contend with a very dynamic world in which creativity, cooperative work, connectedness and adaptability are key features. The school aspires to provide a contemporary approach to learning and teaching in its purposeful educational environment.
